DEVELOPMENT AGREEMENT BY AND BETWEEN
THE CITY OF ROCKFORD AND
BERGSTROM, INC.

THIS AGREEMENT, entered into this day ___ of August, 2018, by and between the City of Rockford, an Illinois municipal corporation (hereinafter referred to as the "City"), and BERGSTROM, INC. (hereinafter referred to as the "Recipient");

WHEREAS, the City has agreed to fund the financial assistance request by the Recipient for the purchase of industrial equipment to be located at 5910 Falcon Rd, Rockford, Illinois (the "Project"), said address being located within the City of Rockford on the terms and conditions provided herein; and

WHEREAS, the Recipient proposes to use CDBG funds for the purchase of industrial equipment; an eligible activity under the national objective of Low and Moderate Jobs Presumed Benefit; and

WHEREAS, funds for this grant have been secured under CFDA No. 14-218, Community Development Block Grant (CDBG); and

NOW, THEREFORE, the City and the Recipient do hereby agree to the following:

I. DEFINITIONS

For the purposes of compliance with and within the context of this agreement, the parties hereto accept the following:

A. CDBG Funds. Community Development Block Grant funds received by the City from the U.S. Department of Housing and Urban Development ("HUD"), the use of which is defined within applicable legislation and regulations (24 CFR Part 570). In the event CDBG funds are no longer available to the City due to reasons beyond the control of the City, the obligations to make payments of CDBG funds under this Agreement shall be null and void, and no payments from other sources shall be due to the Recipient.

B. LMJP. Low and Moderate Jobs Presumed Benefit activities result in the creation of jobs, for which it may be presumed that 51% will be held by or made available to individuals who are low-moderate income in accordance with 24 CFR 570.208(a)(4)(v).

C. Public Benefit. Economic Development projects funded with Community Development Block Grant dollars must fulfill public benefit standards set forth by 24 CFR 570.209(b). The project threshold for meeting the public benefit standard is 1.0
FTE per $50,000 or minimum of 1.0 LMI individual served per $1,000 of CDBG funds. All projects funded in a program year are subject to the aggregate public benefit of 1.0 FTE per $35,000 or the minimum of 1.0 LMI individual served per $350 of CDBG funds.

II. AWARD OF FUNDS

A. National Objective. The City has determined that the Project eligible for the award of CDBG funds by fulfilling the LMJP National Objective of the CDBG program. The Project is located in census tract 9800 and meets the presumption criteria under 570.208(a)(4)(v), as demonstrated by Exhibit C.

B. Grant. The City shall distribute to Recipient CDBG funds in an amount not to exceed Two Hundred Fifty Thousand Dollars ($250,000.00) for its eligible purchases of equipment, payable as follows:

The City shall pay the Recipient $125,000.00 after receiving documentation verifying Recipient’s eligible expenses for industrial equipment that will increase employment at 5910 Falcon Rd, Rockford, Illinois. The City will pay an additional $125,000 upon verified job creation of 25 FTE positions.

The project has been reviewed and estimated costs for the requirements of this project are approximately $1,456,992.00. The project will consist of the purchase of three plastic injection molding machines which will increase employment at 5910 Falcon Rd, Rockford, IL.

Any changes to the project design(s), location, or the estimated cost would require an additional review and approval by City of Rockford staff and IHPA to determine compliance with all CDBG regulations prior to dispersal of payments. Any change in location shall be within the City of Rockford and said location change shall be submitted for approval to the City Administrator. The City Administrator shall have the authority to approve or deny said change. The ultimate determination as to compliance with CDBG regulations for disbursement shall be at the sole discretion of the City Administrator.

C. The City of Rockford strongly encourages the use of local, minority, and women owned businesses when considering subcontractors for City bids or requests for proposals. You can find information on MBE/WBE businesses certified by the City here: https://rockfordil.gov/city-departments/finance/central-services/purchasing/. Local businesses can be found through the Chamber of Commerce www.rockfordchamber.com and the Northern Illinois Building Contractors Association www.nibca.build.
D. **Eligible Expenses.** The Grant funds are limited to eligible expenses defined in 24 CFR 570.203(a) & (b) for special economic development activities including purchase of equipment as a form of support for a private for-profit business. Exhibit A represents the proposed eligible expenses for the project. Any changes to the proposed expenses must be reviewed and approved by the City prior to inclusion to the project and reimbursement.

E. **Employment Relocation Assistance.** The Project will result in the relocation of 7.0 FTE positions from the San Antonio labor market, which does not constitute a significant loss of jobs. The Recipient’s statement on employment relocation is attached in Exhibit D.

III. **RECIPIENT OBLIGATIONS**

A. **LMJ Creation.** The Recipient agrees to create a minimum of 25.0 new, permanent, FTE positions. The anticipated FTE position is identified in Exhibit B. These positions are presumed to be filled by a low-to-moderate income individual as the jobs created at 5910 Falcon Rd are located in census tract 9800 with over 20% poverty and demonstrates blight as evidenced by all block groups having over 20% poverty, as provided by 24 CFR 570.208(a)(4)(iv). This presumption is documented in Exhibit C. The Recipient will report job numbers to the City annually or upon written request by the City. Creation of a minimum of 25.0 FTE satisfies the public benefit standard.

B. **Records.** The Recipient agrees to have available to the City, upon request, all its books, documents, papers and records (excluding employee health and medical records) reasonably required by the City to determine compliance with applicable law relevant to this Agreement for inspection, and during normal business hours, by the administrator of this Agreement for the City, HUD, and the Comptroller General of the United States, or their duly authorized representatives concerning charges, fees, expenses and costs under this Agreement. The Recipient shall provide an annual report to the City in order to provide required reporting to HUD.

B. **Grant Expenditures.** The Recipient shall utilize the CDBG funds provided by the City for purchase of industrial equipment at the project address of 5910 Falcon Rd, Rockford, IL.

C. The Recipient must adhere to all applicable City of Rockford Building Code and Zoning regulations as required.

D. The Recipient is required to obtain employment of 375 employees in the City of Rockford within two years of the signing of this development agreement and maintain
375 employees in the City of Rockford within five years of signing of the development agreement.

IV. TERM

This Agreement shall commence on the date of execution, and shall expire when all of the Recipient's obligations have been satisfactorily fulfilled.

V. REPORTS

A. Final Report. At the conclusion of this Agreement, the Recipient shall provide to the City a report which shall include at least: A statement of the final costs to perform the project.

VI. INDEMNIFICATION

The Recipient, its subcontractors and agent(s) hereby release and covenant and agree to indemnify and save harmless the City of Rockford, its representatives, officers, agents and employees ("City Representatives") from any and all claims, causes of action, demands for damages, suits, either in law or in equity, or expenses or liabilities of any kind, arising out of or virtue of the execution and performance of this Agreement or any other Agreement entered into pursuant to this Agreement. In the event that any action or proceeding is brought against the City, its representatives, officers, agents and/or its employees by reason of any such claim or demand, other than a claim or demand arising out of the willful misconduct or gross negligence of the City or any City Representatives, or any inaccuracy of the City Information the Recipient will, at its sole cost and expense, resist or defend such action or proceeding.

VII. INDEPENDENT CONTRACTOR

Except as otherwise provided herein, it is agreed that the City is interested only in the results obtained and that the Recipient shall perform as an independent contractor with the sole control of the manner and means of performing the services required under this Agreement. Except as otherwise stated in this Agreement, the Recipient shall complete this Agreement according to the Recipient's own means and methods of work which shall be in the exclusive charge and control of the Recipient and which shall not be subject to control or supervision by the City except as to the results of the work. The Recipient for all purposes arising out of this Agreement is an independent contractor, and neither party's employees shall be deemed an employee of the other by reason of this Agreement.
VIII. COMPLIANCE WITH LAW

A. General. In all matters pertaining to the execution of this Agreement, the Recipient shall conform strictly to all federal, state and municipal laws, applicable rules and regulations, and any and all amendments thereto, and to the methods and procedures of all governmental boards, bureaus, offices, commissions and other agencies. The Recipient agrees to comply with all requirements as promulgated by Part K of the CDBG regulations, as well as the terms and conditions in the Community Development Block Grant Agreement and HUD assurances.

B. Federal Labor Standards (29 CFR Parts 3, 5 and 5(a)): For contracts in excess of $2,000.00 for any work involving construction, completion, rehabilitation, or repair, the Recipient shall comply with the Davis-Bacon Act as amended (40 USCS 276 (a)-7), requiring that laborers and mechanics be paid at least the prevailing wage rates in the locality as established by the Secretary of Labor, and that wages be paid at least once a week; provided, however, that if wage rates higher than those required under such regulations are imposed by state or local law, nothing hereunder is intended to relieve the Recipient of its obligation, if any, for payment of higher rates. No contract award shall be made to any contractor who is at the time ineligible under the provisions of any applicable regulations of the Department of Labor to receive an award to such contract.

The Davis Bacon Act is further codified in subchapter IV of chapter 31 of title 40 of the United States Code. The Davis Bacon Act requires each contract over $2,000, “to which the Federal Government or district of Columbia is a party, for construction, alteration or repair, including painting and decorating, of public buildings and public works... shall contain a provision stating the minimum wages to be paid” to “all mechanics and laborers employed directly upon the site of work.” The minimum wages to be paid are those that the Secretary of Labor determines to be prevailing for the corresponding classes of laborers and mechanics employed on projects of a character similar to the contract work in the locality where the work is to be performed.

Section 1606 of The American Recovery and Reinvestment Act of 2009 (ARRA) plainly indicates that the Davis-Bacon prevailing wage requirement broadly applies to ARRA-appropriated construction projects.

C. For construction contracts in excess of $2,000.00 and other contracts in excess of $2,500.00 involving the employment of laborers and mechanics, except for residential structures with less than eight (8) units, the Recipient shall comply with Sections 103 and 107 of the Contract Work Hours and Safety Standards Act (40 USCS 327-330), requiring that overtime wages of laborers and mechanics be computed at one and one-half times the basic hourly rate (40 hours/weeks standards), and that safe and healthy work surroundings and conditions shall be provided.
D. Copeland "Anti-Kickback" Act (18 USCS 874) as supplemented in Department of Labor regulations (29 CFR Part 3). The Recipient shall be prohibited from inducing, by any means, any person employed in the construction, completion or repair of public work, to give up any part of the compensation to which he is otherwise entitled.

E. Non-Discrimination. In carrying out the employment obligations of this Agreement, the Recipient shall not discriminate against any employee or applicant for employment because of race, color, religion, age, sex, national origin, mental disability, physical handicap or sexual preference. The Recipient shall take affirmative action to insure that applicants for employment are hired, managed and supervised without regard to their race, color, religion, age, sex, national origin, mental disability, physical handicap or sexual preference. Such action shall include, but not be limited to the following: Employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination, rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Recipient shall post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Federal government setting forth the provisions of this nondiscrimination clause. The Recipient shall state that all qualified applicants will receive consideration for employment without regard to race, color, religion, age, sex, national origin, mental disability, physical handicap or sexual preference.

F. Administrative Assistance. At the request of the Recipient, the appropriate departments of the City shall provide appropriate technical assistance to the Recipient in complying with these laws and regulations as part of the City monitoring process.

G. Conflict of Interest. The City hereby covenants and agrees that no member of City Council nor any other public official, who exercises any functions or responsibilities with respect to this program during the individual’s term or for one year thereafter, shall have any personal or financial interest, direct or indirect, other than the employee’s salary in the Project. The Recipient declares that no “persons covered”, as defined by the City’s CDBG Conflict of Interest policy are receiving an actual or perceived benefit, directly or indirectly, from this project.

H. Section 3 of the Housing and Urban Development Act of 1968. Section 3 requires that, the work to be performed under this contract is on a project assisted under a program providing direct federal financial assistance from the Department of Housing and Urban Development and is subject to the requirements of Section 3 of the Housing and Urban Development Act of 1968 as amended (12 USC 1701 u.). Section 3 requires that to the greatest extent feasible, opportunities for training and employment arising in connection with the planning and carrying out of this project shall be given to lower income persons residing within the City of Rockford or
Metropolitan Area and contracts for work in connection with the project be awarded to business concerns which are located in, or owned in substantial part by persons residing in the City of Rockford or the Metropolitan Area.

1. **Determination and Definitions (Section 3)**
   Dollar Thresholds: A project is determined to be covered by Section 3 requirements based on the amount of HUD assistance the developer and the project receive. If the amount of the assistance exceeds $200,000 as a recipient, certain Section 3 obligations apply. However, for a developer, certain Section 3 obligations apply if the aggregate amount of assistance received by the developer from the City for all the developer’s projects with the City exceeds $200,000. If on the same project there are contracts and subcontracts in excess of $100,000, obligations will be passed on to the Contractor and subcontractor (s). If the developer or recipient also acts as the general Contractor for a project, the amount of assistance need only exceed $100,000 for Section 3 requirements to apply. If the dollar threshold(s) for assistance is met, Section 3 requirements apply to the entire project or activity, regardless or whether the project or activity is fully or partially funded with HUD assistance.

Section 3 covered projects are those projects that involve construction, reconstruction, conversion or rehabilitation of housing, and other publicly-funded construction including other buildings or improvements, regardless of ownership.

2. **Compliance**
   Compliance with the provisions of Section 3 of the Housing and Urban Development Act of 1968 as amended (12 U.S.C. 1701), the regulations set forth in 24 CFR 135, 24 CFR 570.607 (b), and all applicable rules and orders issued hereunder prior to the execution of this Agreement, is a condition of the federal financial assistance provided under this Agreement and binding upon the City, and any Recipient. Failure to fulfill these requirements shall subject the City, Recipient, their successors and assigns, to those sanctions specified by the agreement through which federal assistance is provided. The Recipient certifies and agrees that no contractual or other disability exists which would prevent compliance with these requirements.

Recipient further agrees to include the following language in all subcontracts executed under this Agreement and will submit a Section 3 Report (See Exhibit C) at project completion.

“The work performed to be under this Contract is a project assisted under a program providing direct federal financial assistance from U.S. Department of Housing and Urban Development and is subject to the requirements of Section 3 of the Housing and Urban Development Act of 1968 as amended (12 U.S.C. 1701). Section 3 requires that, to the greatest extent feasible, opportunities for
training and employment be given to lower income residents of the project area and Contracts for work in connection with the project be awarded to business concerns which are located in, or owned in substantial part, by persons residing in the area of the project.”

3. Subcontracts
Recipient will take appropriate action pursuant to any subcontract upon a finding that the sub-Recipient is in violation of these provisions. Recipient will not subcontract with any sub-Recipient where it has notice or knowledge that the latter has been found in violation of regulations under 12 U.S.C. 1701, 24 CFR 135 or 24 CFR 570.607 (b) and will not enter into any subcontract unless the sub-Recipient has first provided it with a preliminary statement of ability to comply with the requirements of these provisions.

3. Termination by the City for cause pursuant to Section X.B., below.

If, through any cause, the Recipient shall fail to fulfill in timely and proper manner its obligations under this Agreement, or if the Recipient shall violate any of the covenants, agreements or stipulations of this contract, the City shall thereupon have the right to terminate this Agreement by giving written notice to the Recipient of such termination specifying the effective date of such termination, as least sixty (60) days before the effective date of such termination. In the event that the Recipient corrects or cures said default to the satisfaction of the City prior to said date, this Agreement shall not be terminated for cause by the City.

C. Liabilities Upon Termination. In event of termination, all finished or unfinished documents, data, studies and reports prepared by the Sub-recipient under this Agreement shall, at the option of the City be turned over to the City and become its property, and the Sub-recipient shall be entitled to receive just and equitable compensation for any satisfactory work or services rendered prior to termination. Additionally, if termination is
for other than expiration of term, all grant funds held by the Sub-recipient shall be returned to the City, and the City may exercise its rights in any deferred mortgage lien filed against property held by the Sub-recipient. Notwithstanding the above, the Sub-recipient shall not be relieved of liability to the City for damages sustained by the City by virtue of any breach of the Agreement, and the City may withhold any payments to the Sub-recipient for the purpose of setoff until such time as the exact amount of damages due the City from the Sub-recipient is determined.

D. Remedies Other Than Termination. Should review of Recipient performance show Recipient has materially breached the terms or conditions herein, the Recipient shall be in breach of this Agreement, and the City may take appropriate actions as it deems necessary, including but not limited to temporary withholding or reduction of payment, suspension of program operations, or any remedy expressly granted to City as prescribed by the Rules and Regulations of the Office of Management and Budget of the United States Government and the United States Department of Housing and Urban Development. The selection of a remedy other than termination, shall not prevent the City from subsequently terminating this Agreement as described herein.

Director, Community and Economic Development
City of Rockford
425 E State St
Rockford, IL 61104

Dear Mr. Franzen:

In accordance with 24 CFR 570.210(c), this letter serves as statement and information regarding employment relocation related to the City of Rockford’s assistance through the Community Development Block Grant (CDBG) program for the purchase of industrial equipment. CDBG funds are prohibited from assisting activities that result in a significant job loss in the labor market area from which a business operations relocation occurs.

This project will result in the transfer of 7.0 FTE positions from the San Antonio, Texas labor market area, which has a total nonfarm employment of 1,056,400 people according to the Bureau of Labor Statistics Economic Summary updated May 30, 2018 to the Rockford, Illinois labor market area. Per 24 CFR 570.210(b)(4), the loss of 25 or fewer jobs does not constitute a significant loss of jobs.

Bergstrom, Inc. acknowledges that should the activity result in the relocation of 500 or more jobs, which constitutes a significant loss of jobs as defined by 24 CFR 570.210(b)(4), it will reimburse the City of Rockford the total amount of CDBG funded assistance for the project.

Sincerely,

Bergstrom, Inc.

IDOT and the Rockford Mass Transit District shall be exempt from these local funds payments. The total local fund amount shall be determined by the RPC Executive Director in consultation with the MPO Policy Committee when the annual Unified Work Program is prepared and adopted by the same Committee. The RPC Executive Director shall prepare quarterly invoices to each of the local and county units of government and transmit formal invoices. All agencies shall comply with the Governmental Prompt Payment Act. Failure to submit payment to the MPO in a timely manner shall be reported to the Policy Committee. Dear Chairman,

Unfortunately, due to the passing of Gary Maitland, the Cherry Valley Fire Protection District has an open Board of Trustees position to fill. Please consider this letter my official recommendation that this position be filled by Mr. William (Bill) R. LeFevre of Cherry Valley, Illinois. Per State Statutes, this is the one position on the Cherry Valley Fire Protection District Board of Trustees which is filled by a resident of the Village of Cherry Valley.

I have known Bill LeFevre for almost forty years. He has lived in the Village of Cherry Valley for over 30 years, is married and they have three adult children. Bill has been an extremely active volunteer in our community; he served the Cherry Valley Fire Protection District as a Firefighter, a Lieutenant and as a Battalion Chief, retiring in July of 2015 after 38 years of service. He was then asked to serve the Fire District again and was appointed to the Cherry Valley Fire Protection District Board of Fire Commissioners in February 2016 and continues to still serve on this commission today.

Bill has also been very active member of the Cherry Valley Festival Days Committee (for over 20 years), a Charter Representative for our local Boy Scout Troop 181, has served from time to time on various advisory committees for the Village of Cherry Valley and was the 2005 recipient of the village’s “Citizen of the Year” Award.

Bill has the dedication, the experience and the passion to continue to serve the residents of the Village of Cherry Valley in this role as a Trustee for the Cherry Valley Fire Protection District.

I believe he would be an excellent appointment to the Cherry Valley Fire Protection District Board of Trustees.

Sincerely,

Jim E. Claeyssen

Winnebago County Board Chairman Frank Haney
Administration Building

Rockford, IL 61101

Dear Chairman Haney,

My name is Bill LeFevre from Cherry Valley, Illinois and I am asking to be appointed to the open Trustee position for the Cherry Valley Fire Protection District. It would be an honor to be able to serve the citizens of the Cherry Valley Fire Protection District as a Trustee. I have dedicated over 38 years to the fire service in Cherry Valley as a firefighter, Lieutenant, and Battalion Chief, retiring in July of 2015. I was appointed to the Cherry Valley Fire Protection District Board of Fire Commissioners in February of 2016 where I am currently serving as Secretary.

My family and I have lived in the Village of Cherry Valley for 32 years and in the Fire District for over 38 years. I am married and have three adult children. The fire service is in our blood; my Uncle was a volunteer for Sterling Fire and my son is a career firefighter for Freeport Fire. My father taught me about hard work, dedication, honesty, integrity, respect, and trust, those are traits I try to teach others and pass on. These life lessons, my passion for helping others and my time working in the fire service have made me who I am today. I believe that we as citizens have a duty to serve in the hope of making our communities a better place to live. I am proud to call Cherry Valley home!

I currently am employed by Crandall Stats & Sensors in Machesney Park, IL as a Principal Engineer. We are a small company that employees 28 people. As with any small company you have to wear many hats. My experience in problem solving, troubleshooting and my technical knowledge gives me a unique perspective when approaching issues. Prior to that I worked for the Barber Colman Company for over 35 years. I am the Secretary for the Cherry Valley Festival Days Committee and the Charter Organization Representative for Boy Scout Troop 181. I am also a member of St. Rita’s Church.

With my experience and background in the fire service, my passion to help and serve those in the community and my unique perspective looking at issues I believe I would be a good appointment as Trustee for the Cherry Valley Fire Protection District.

Sincerely,

William R. LeFevre

Dear Chairman,

My name is David White and I currently serve as the President of the Cherry Valley Cemetery Board. We currently have an opening on our Board due to the passing of Mr. Ron Gordon Sr. of Rockford, Illinois last year. Please consider this letter as my recommendation that you appoint Mr. Ryan Gordon (his son) to fill this position.

As you know these appointments volunteer their time to oversee the perpetual care of the cemetery, manage the cemetery’s funds and help maintain the grounds of the cemetery for all our passed loved ones. Ryan has always been willing to help the Board on our Spring & Fall Cleanup Days, placing flags with his Dad on the graves of our service men and women on Memorial Day and even designed and built our cemetery sign when he was younger for his Eagle Scout Service Award.

Ryan is a good young man and would like to honor his father by serving on the Cherry Valley Cemetery Board.
