For the past 8 years I have been involved with evaluating the economic impact that the Great Recession of 2008 had on our local EAV. That oversight and analysis provided an understanding of how the foreclosure crises impacted our communities and the acceleration of blight and further deterioration of our tax base. That analysis involved many participants and evaluated best practices of other like communities. My interest is in recapturing the lost value our community has suffered through these past 10 years.

The Land Bank is only one tool to help in taking unwanted, unproductive real estate and giving it a purpose to be valued again by its neighbors. It doesn’t pretend to have all the answers, but it can provide hope and a positive force in changing a system that is not addressing an overwhelming community need.
I possess the skills, knowledge and understanding of real estate development and community values through my extensive participation with community organizations and the involvement of our own architectural firm that has been involved in our community's revitalization efforts. Because of my decades of experience in working throughout Winnebago County, I can effectively represent the interests of the entire county as a representative on the Land Bank Board. I would be honored to do so. Thank you for the opportunity to be of service.

Subject: Land Bank Appointment

Mr. Chairman,
Just a brief note to indicate my very strong personal support for the appointment of Gary Anderson to the Land Bank Board. I have known Gary for many years. He is the architect of record for the Rockford Public Library. He is also heavily involved in the proposed Purpose Built Community development (Fordam Forward) in the area just south of downtown on both sides of the Rock River. I serve as President of both the Library Board of Trustees, and the Fordam Forward Board and have seen his excellent work on behalf of both organizations. He is also supportive of the neighborhood work of both United Way of Rock River Valley and Transform Rockford.

In all his work, he is fiercely committed to the redevelopment of Rockford especially at the neighborhood level. He is independent yet very attuned to the best interests of our community and all our residents and has a deep understanding and appreciation of the role of the Land Bank in support of healthy community development and the elimination of blighted properties. I strongly support his appointment to the Land Bank Board position.

Sincerely,
Paul
